

Worldview Time Zone Clocks

www.brgprecision.com

Available in 10 Sizes

12", 17" and 23" High Models - Configuration 09

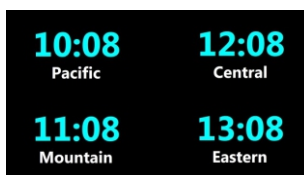

12", 17" and 23" High Models - Configuration 24 with user logos

The Worldview Time Zone Clocks feature one or more commercial HD monitors that can display an endless number of time zone layouts, play videos, event timer, schedule videos to play at scheduled times, display company/division logos, scrolling text messages, the date, Julian date, sunrise/sunset times and a continuously moving world map that has a day/night overlay and more. All available display templates are included with every model.

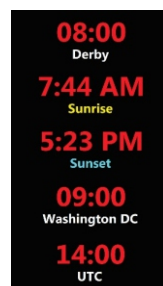

12" and 17" High Models - Configuration 25 customizable logo

The Worldview Time Zone Clocks are available in 12", 17" and 23" heights and a variety of widths with over 100 basic models. Each model can be modified or completely changed at any time. Each configuration can be changed to one of the other models or create your own custom layout and save it as a template for future use.

All displays may be mounted
Horizontal or Vertical

10 Display Sizes

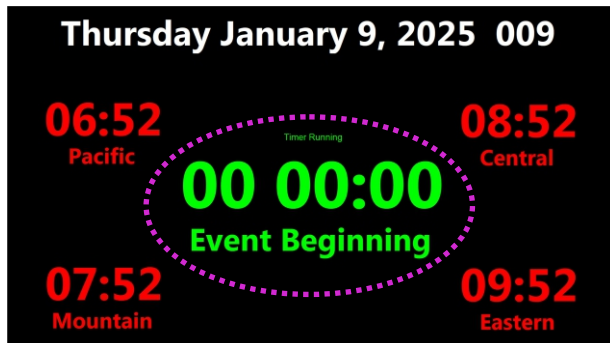

12"H x 20"W	17"H x 29"W
12"H x 39"W	17"H x 57"W
12"H x 59"W	17"H x 85"W
12"H x 78"W	23"H x 39"W
12"H x 98"W	23"H x 77"W

All models include an Oven Controlled Crystal Oscillator (OCXO) that will remain accurate for the life of the display. The display includes the BRG scheduling program, video players, text scroll, moving world map, event timer and more.

All of the Worldview time zone clocks are housed in single Aluminum frame that hangs tight against the wall. This provides a professional fit and finish for any board room, command center or lobby.
